

PROJECT PVC

Project is our most popular PVC range that offers five standard colours in an elegant water based satin finish that gives a more matte look. Project excels in the fact it is post painted after construction offering a luxurious finished product that beautifully covers all edges and corners.

Colours

Water Based Satin Finish

Painted

**Actual product colour may vary from the images shown as computer screens and printers have varying colour settings*

Application

- Internal

Control

Double strength powder-coated aluminium clearview control.

- Clearview Rear
- Clearview Face
- Centre Tilt Rod
- Offset Tilt Rod
