

WESTERN RED CEDAR

Western Red Cedar is our top of the range timber shutter option. Light weight, yet strong due to the long fine grain which creates stability allowing your shutters to be manufactured in a wider span. Cedars high oil content offers it natural protection from the elements and will last for many years to come.

Lead Time

8 to 10 weeks to dispatch on standard orders. Special orders approximately add 2 to 3 weeks on top of standard lead time.

Colours

2 Pack Water Based Polyurethane Paint and Lacquered, Oiled or Lime Washed

Painted

Lacquered

Oiled
